# OUR NEW BUILDING

---

3

The Festhalle on the BERNEXPO site, erected as a temporary solution in 1948, is being replaced by a new, contemporary building. There will be space for cultural events, shows, sporting events, conferences, concerts, trade fairs and other events, with capacity for up to 8,500 people.

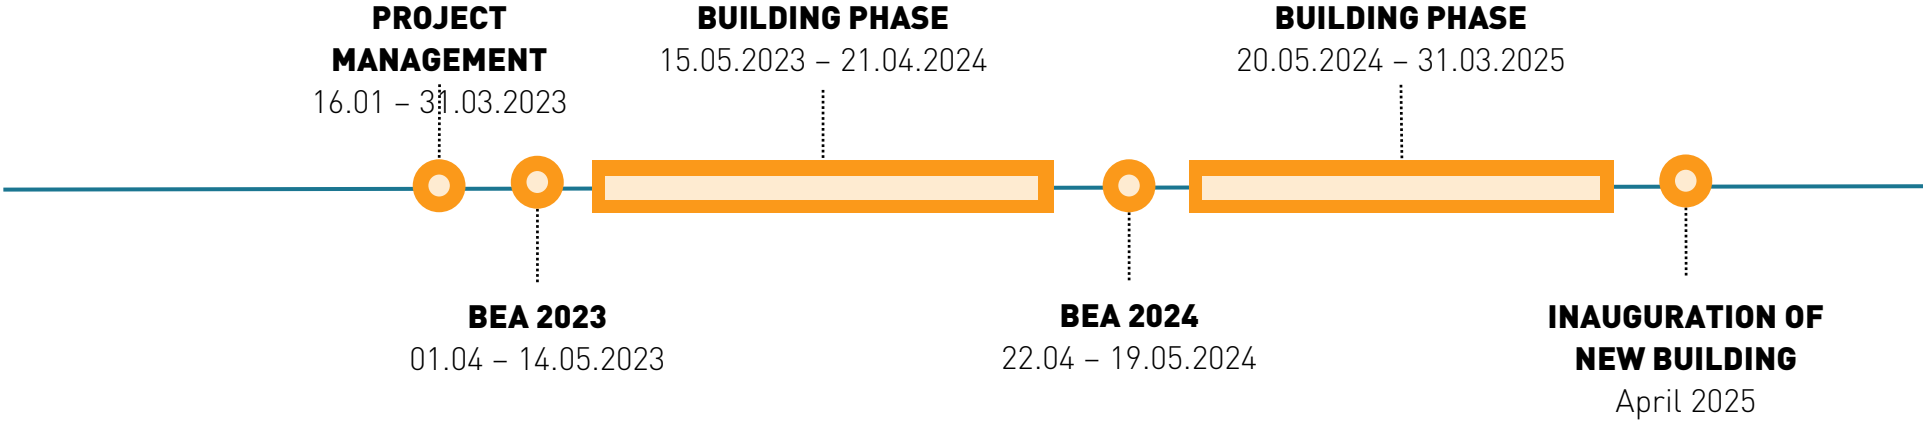

We are looking forward to...

- A vibrant, inspiring place of encounter
- Flexibly configurable spaces
- State-of-the-art conference and event equipment
- An attractive outdoor area with fountains and an arboretum

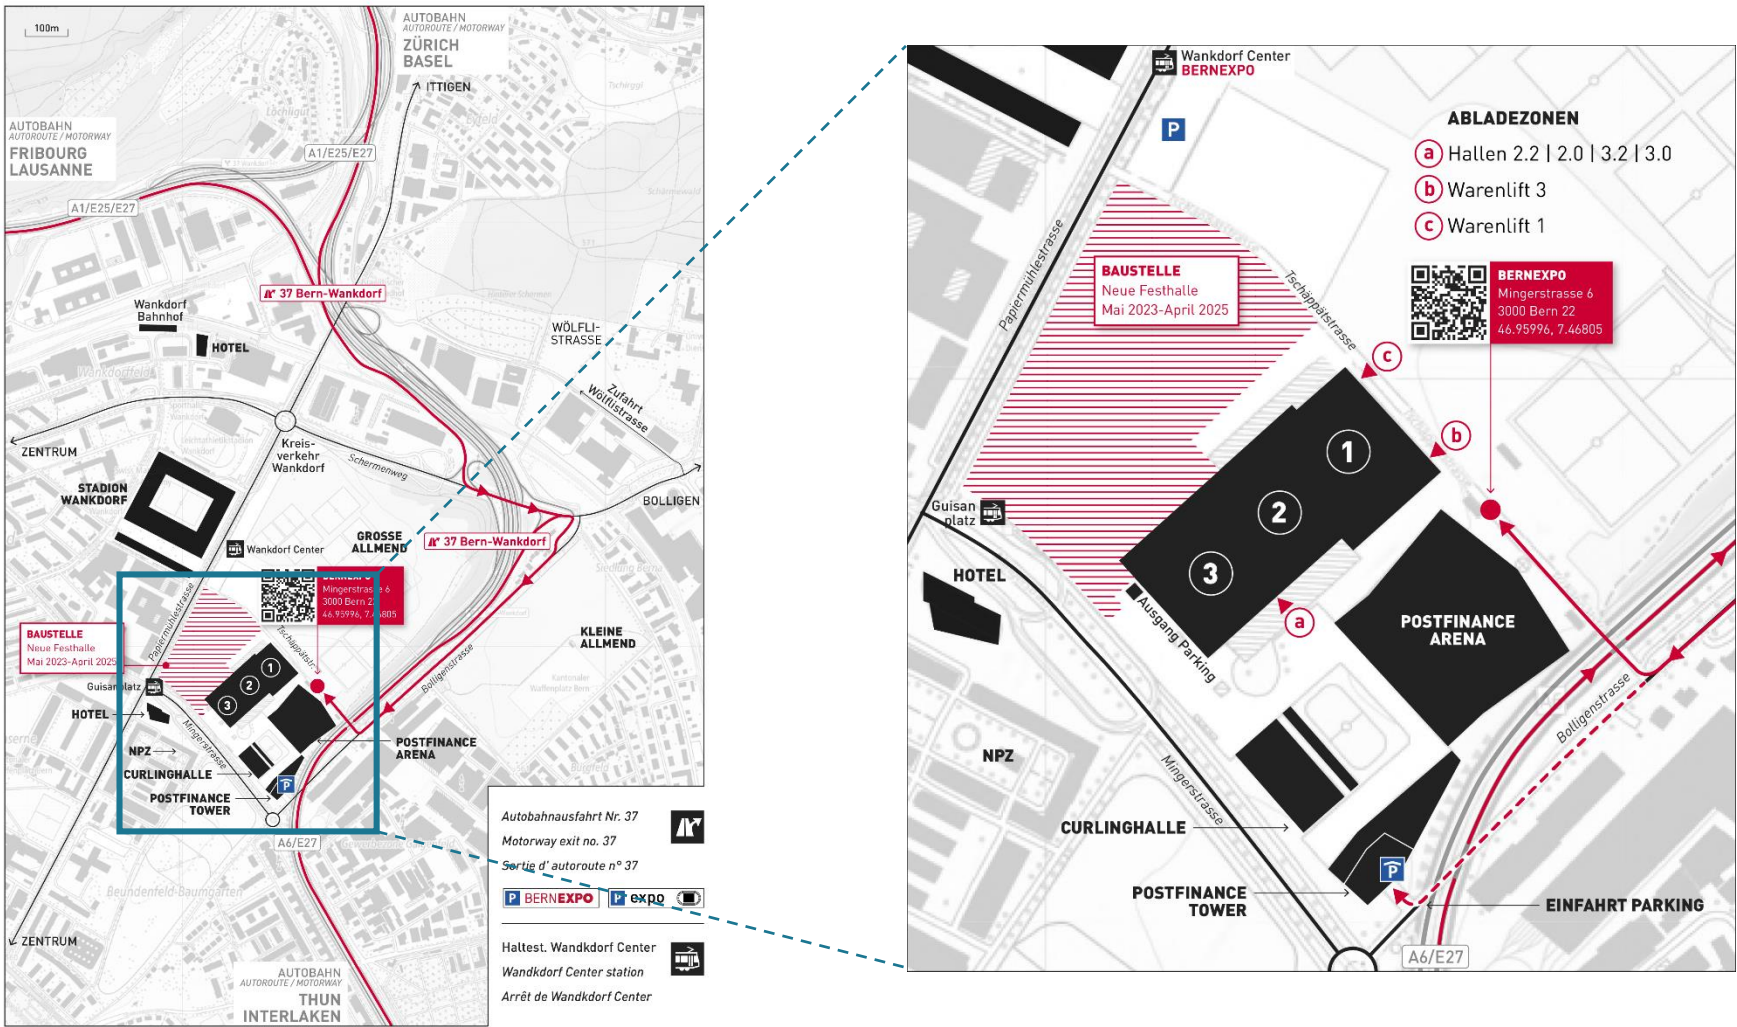

Thank you for your patience while our construction work is ongoing. We are doing our utmost to make the waiting time as pleasant as possible.

# MILESTONES IN THE BUILDING PHASES

# APPROACH AND ACCESS MAY 2023 – APRIL 2025
